2025 Food Handler Training

| LOCATION | DATE | TIME |
|----------------------|-------------------|-----------------------|
| Ganado Chapter House | December 11, 2025 | 10:00 a.m.—12:00 p.m. |

The U.S. Center for Disease and Control Prevention (CDC) estimates that each year 48 million people get sick from a foodborne illness. Key steps to prevent foodborne illness is for **food service workers** to have the knowledge and skills when handling food. All individuals working in a food service establishment shall have a valid food handler training certificate.

REMINDERS:

The food handler training classes will begin on time. The classes will last 2 hours.

Come prepared to pay attention and take a written test.

NO children 12 years old and younger are allowed in the training. A limit of 30 people.
